

*A unique framework to support,  
review and monitor children's  
emotional and social development*

## Supporting children's social & emotional wellbeing in school

Are you struggling to make sense  
of challenging behaviours?

Looking for a way to measure social & emotional progress?  
Need tangible data to evidence impact of interventions?

If the answer is "YES" to any of these questions, then Fagus can help.

## Key aims of Fagus:

Fagus is a unique, easy to use educational resource which provides a system for schools to **monitor, review and support children's emotional and social development** in a similar way to academic progress.

Fagus provides a developmentally sequenced framework of typical behaviour which clarifies the understandings of a child's emotional and social functioning.

Improve knowledge of children's social & emotional development and understanding of an individual's need

Set targets and developmentally appropriate goals for pupils in social & emotional domains

Monitor and track children's social & emotional progress and evidence intervention impact

Integrate social & emotional developmental goals into pupil plans to focus and accompany interventions

Beech Lodge School  
A PRACTICAL APPROACH TO LEARNING

Fagus was originally developed for pupils with attachment and trauma-related difficulties at Beech Lodge School in Berkshire. All profits from Fagus go directly to Beech Lodge School.

## Fagus

Fa-gus \ 'fægəs \

*noun:*

Latin Fāgus ("beech") – The Tree of Learning

## Fagus educational resource:

A framework for emotional and social development

### 13 Printed Developmental Guides

Offer an understanding of the developmental processes in a child's social and emotional development across 13 different domains.

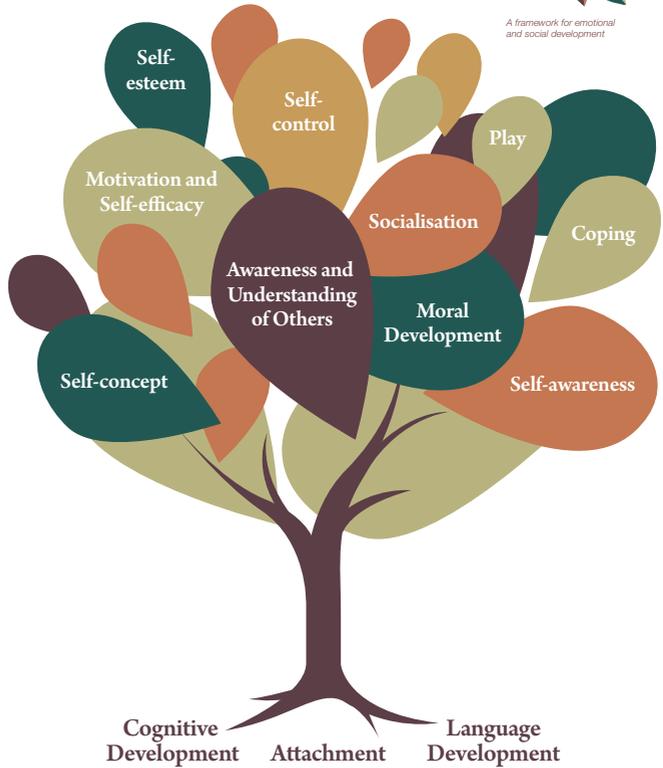

### Online Developmental Checklists

A quick survey tool which distils all the guides' information and enables you to identify at what age range a child is functioning at in each domain, based on their key behaviours.

### Online Developmental Profile

Results from the checklist tool are presented visually, recognising a child's strengths and weaknesses across each domain and clarifies intervention areas.

## Fagus Developmental Areas

Developmental Area	Infancy (0-2 Years)	Early Childhood (2-7 Years)	Middle Childhood (7-11 Years)	Adolescence (11-19 Years)

A framework for emotional  
and social development

**Beech Lodge School**  
A PRACTICAL APPROACH TO LEARNING

*“For the very first time  
using Fagus, we are able to  
put specific targets into a  
pupil’s plan tailored to their  
individual need.”*

Deputy Head & SENCo –  
St Edwards First School,  
Windsor

*“Fagus has focused our mind  
on how we assist certain  
children and alter their  
behaviours positively.”*

Pupil & Family Liaison Officer –  
Sherwood Junior School,  
Nottingham

*“With Fagus we can focus  
specific interventions to  
encourage social and  
emotional progress and  
measure their success.”*

Inclusion Lead – Hope School,  
Liverpool
